

SUBJECT INDEX

- electric power
 - generation 271-276
 - supply, demand and economics 271-276
- energy policy and planning 95-99
- energy sources
 - coal 99-107
 - nuclear 181-192
 - petroleum 317-326, 327-346
 - reserves and resources 77-84
 - solar energy 141-156
 - supply, demand and economics 95-99, 213-226
 - technology 99-107, 141-156
- energy utilization
 - general 277-282
- international co-operation
 - minerals 15-30
 - water 202-205, 261-269
- mineral economics
 - investment 157-166, 167-180, 227-248
 - general 5-14
- mineral policy and planning 69-76, 85-88, 115-128, 129-140, 347-367
- mineral resources
 - demand and supply 5-14
 - exploration 15-30, 157-166
- natural resources
 - finance 196-201
- ocean resources
 - economics 249-259
 - general 89-94
- water resources demand, use and efficiency
 - community water supplies and sanitation 261-269, 282-290
 - hydropower 193-195
- water resources management of hazards
 - flood control 31-68, 369-397, 399-407
- water resources planning, development and management
 - development 407-412
 - policy and planning 202-205
